

CWAVE'03 conditions of use

- Data collected specifically for CWAVE'03 is not to be distributed beyond the participating institutes, and the CLOUDMAP2 and CLOUDNET communities, until the end of the CLOUDNET project.
- Processed and quality controlled data is to be placed with the British Atmospheric Data Centre (BADC) within 3 months of collection.
- Data is to be available for use by all CWAVE'03 participants.
- Use of data needs to be recognised in any publication, and co- authorship offered.
