

## MIPAS Level 2 data (Oxford) Conditions of Use

1. During a period of one year after the data have been created, any use of the data by researchers other than the data originator(s) requires prior consent of the originator(s)
2. No data should be transferred to a third party, unless they have registered at NEODC and agreed to the conditions of use
3. Whilst the data are restricted from the public domain, all investigators have the right to refuse that their work, whether measurement or calculation, be used in a publication or presentation prior to the investigators' own publication of that work.
4. If measurements or model results from groups within the NCEO are used in a publication by a NCEO participant, joint authorship must be offered to the data originator(s).
5. In all cases where the data are used in a presentation or publication, an acknowledgement must be given: for example, "Data from [the originator(s)] are provided courtesy of the National Centre for Earth Observation via the NERC Earth Observation Data Centre (NEODC)."
6. Information submitted in application for access to the data will be made available to: The Natural Environment Research Council (NERC) and its delegated authorities, i.e. the NERC Earth Observation Data Centre and the British Atmospheric Data Centre (BADC) and their host organisation, the Science and Technology Facilities Council (STFC) for the purposes of tracking data usage and of improving the service.
